

## Chapter Board Decision Grid – Strategy or Tactical

**Instructions:**

1. At least once a year review the decisions made by the Board during that year’s meetings.
2. Ask the Board to determine if each decision was:
  - A strategic (“where are you going”) decision?
  - Or a more tactical (“how should we get there”) decision?
  - Or even if it was a necessary decision for the board to make at all?
3. Review the results to spot trends and opportunities for clarity and improvement.

Board Decision	Date	Strategic	Tactical	Necessary
