

I. David Cohen Lifetime Achievement Award Past Recipients

The NAIFA-Columbus **Lifetime Achievement Award** was created to recognize members who have contributed to the life and health insurance industry throughout their careers as well as contributing to their community. As insurance agents became the primary financial advisors to their clients, the scope of the award broadened. In 2004, the award was renamed the **I. David Cohen Lifetime Achievement Award** in honor of David Cohen who originally conceived the award and for his many years of service to NAIFA-Columbus. David continues his support as a sponsor of the award each year.
