

PAC Goals on Track?

Go the extra mile and take advantage of this year's **IFAPAC Incentive Program**. States that **exceed** their annual contributor or annual contribution goals are eligible to receive more money back for six months in 2024.

Percentage in excess of goal	=	Extra percent of state share dollars
125%	=	2%
150%	=	5%
175%	=	7%
200%	=	10%

State chapters are eligible to participate in two tracks: **Annual Contribution** and **Annual Contributor**. These tracks may be combined for an increased amount of State Share dollars (i.e., If a Chapter has exceeded its Annual Contributor goals by 150% and its Annual Contribution goals by 175%, it would be eligible for an extra 12% of State Share dollars in the next year).
